

CHARLOTTE COUNTY
Solid Waste

Recycle your Christmas tree with Waste Management curbside collection program for residents.

Place your tree outside on your scheduled collection day during the first three weeks after Christmas and give it a proper send-off:

Strip it bare -

Remove all decorations, lights, ornaments, and the stand before placing it curbside. No tinsel, no glitter, just pure evergreen goodness.

Keep it natural -

Trees with artificial snow or coloring won't make the cut (literally). Stick to undecorated ones for recycling.

Size matters -

Big trees? No problem! Just chop them in half if they're taller than 6 feet.

Apartment dwellers -

Check with your property manager for their tree disposal guidelines.
