ABOUT KCB

Since 2001, Keep Charlotte Beautiful has provided residents and visitors with opportunities to give back to their community. We focus on our mission to inspire and educate people to take action every day to improve and beautify Charlotte County by engaging volunteers to keep our community clean and free of debris, conserving resources and beautifying our public spaces.

We use the three "E's" of community engagement: Education, Environment and Events to instill pride and ownership in our community so that we ensure effective, long-term results.

Through our ongoing programs, Keep Charlotte Beautiful helps individuals, families, civic and business groups get more involved in protecting our precious natural resources.

EDUCATION

Refuse ~ Reduce ~ Reuse Repurpose ~ Recycle

Education is the critical starting point for encouraging positive attitudes and behaviors toward community preservation and improvement. By starting the education process early, our students grow to become lifelong stewards of our environment.

You'll find us promoting environmental awareness and activities in the schools, at community events and through local media outreach.

For a complete list of our education programs, visit KeepCharlotteBeautiful.net

ENVIRONMENT

Our environment thrives when we can remove litter as well as improve the landscape with usable green-space and community gardens. By assisting in the improvement of our neighborhoods and public spaces, we help build a stronger community where people are more active, form stronger relationships and care about protecting the environment. As an advocate for our environment, we administer the Adopt-A-Road, Adopt-A-Highway and Adopt-A-Shore programs. We have also spearheaded a cigarette litter prevention program. Additionally, you can see the blossoms of our growth at several community garden and improvement projects throughout the county.

EVENTS

Throughout the year, Keep Charlotte Beautiful hosts a variety of events to share our mission of protecting and preserving our natural resources, right here in Charlotte County. There are many ways that you can get involved from helping organize an event to simply showing up to pick up litter and debris during one of our annual cleanup events.

Have fun and protect our environment at one of our signature events. Visit KeepCharlotteBeautiful.net to see a current calendar of events and to register online!

Change and improvement begins with personal responsibility
